

A TIFR Advanced Programme in Physics for women students in first-year M. Sc.

Tata Institute of Fundamental Research (TIFR), Mumbai, and Homi Bhabha Centre for Science Education (HBCSE-TIFR) are organizing a summer school in physics for women students enrolled in 1st year of an M. Sc. course in physics, or 4th year of an integrated B.Sc-M.Sc programme in physics. **The VV2023 (Physics) programme will be conducted during 12 June – 1 July in HBCSE-TIFR (completely in-person)**, It will aim to provide the students with an exposure to advanced research topics and opportunities. The students will also get the opportunity to be taught, inspired and mentored by eminent women scientists.

- ★ Advanced physics summer school
- ★ **School dates: 12 June – 1 July, 2023**
- ★ Courses in contemporary theoretical and experimental physics
- ★ Innovative experiments
- ★ Lectures by eminent women scientists
- ★ Interactive mentoring sessions
- ★ Intro to Physics Education Research

- ★ Eligibility: **Women students enrolled in**
- ★ **1st year of M.Sc. (Physics), or**
- ★ **4th year of Integrated B.Sc-M.Sc (Physics)**
- Students enrolled in Integrated M.Sc-Phd programmes are not eligible.
- ★ Applications Open: **25 March 2023**
- ★ Application Deadline: **15 April 2023**

- For Application and further information, see
